### FIRE WARDENS REPORT

The fire record for 1955 was very gratifying to the Fire Warden, only minor fires being reported, and a high state of cooperation with regard to fire rules and regulations.

The fire department of Goshen has worked in close harmony with the warden and deputies of the Forest Fire Service, and a wish is expressed for the same spirit in 1956.

## SUPERINTENDENT'S REPORT

---

To the School Board and citizens of Goshen-Lempster cooperative school District No. 5, I herewith submit my fourth annual report as Superintendent of Schools.

Mrs. Myrtie Starkey transferred from the Lempster Street School to the Goshen village school. She replaced Miss Dorothy Laughlin who resigned to accept a position in Litchfield.

Mrs. Frances Wirkkala was employed as a full time teacher at the Lempster Street School. She has been music instructor for the two towns.

Mr. Elmore Kathan continues as teacher at Goshen four corners and as teacher at East Lempster is Mrs. Doris Newman. Each of the four teachers are teaching four grades.

Mrs. Helen Tenney was employed on a part time basis to help with the teaching of music, especially when the Christmas and other programs are to be presented.

These staff members have carried on most effectively in spite of serious handicaps as to building conditions and facilities. During this period of extreme shortage of teachers we are most fortunate in retaining experienced, well qualified teachers.

It is most unfortunate from both the teaching conditions and financially that such a long delay has been experienced in negotiating the sale of bonds. This means considerable added cost in terms of building and rate of interest, and may mean the necessity of some alternatives in building plans and specifications. The School Board and advisory committee have spent many hours and made trips to Concord and elsewhere in an attempt to speed up the process. The State Department of Education has been most cooperative in assisting us with our problems.

We are extremely anxious to complete construction by September and start the school year 1956-57 in the new building.

Miss Florence MacIver has done her usual inspections and conducted clinics as well as making many home visits. Through her efforts the absentees have decreased and she emphasizes the importance of health in daily living.

May I express deep appreciation for your patience and confidence during our delay. I would also like to thank the School Board and the advisory committee for their guidance and many hours of conferences. Most of all I wish to extend my sincere thanks to the teachers, and boys and girls for their patience and cooperation.

Respectfully submitted,

RALPH H. MEACHAM, Superintendent

### SCHOOL NURSE'S REPORT

This past year has been a most eventful one in the field of preventive medicine. Through the efforts of Dr. Jonas Salk and his co-workers a vaccine to be used in the prevention of Poliomyelitis was licensed and made available to all children in the first and second grades in schools throughout the country. This was a tremendous step toward stamping out poliomyelitis.

Co-operating under a nationwide program the State Department of Health conducted large clinics for the administration of the vaccine. In order for a child to receive the inoculations of the vaccine it was necessary for the parents of the child to sign a permission slip. Despite some of the unfavorable reports about the vaccine the response of the parents toward the program was very good. The enthusiasm of the children toward these inoculations was amazing. No unfavorable reactions were reported in our area.

Further clinics for the administration of Salk Vaccine are being planned. Children through the age of fourteen years are to be included in the next clinics.

It seems wonderful to think that at last there is available an immunizing agent capable of preventing paralytic polio and its many tragedies. This is certainly a very important step in guarding the health of our children, now and in the future.

Interest on the part of the parents is so very essential to the success of these programs. As always the parents have co-operated. It is a very great pleasure to work with you and with your children. Combined interest of everyone is what brings about improved health programs for the children.

Respectfully submitted,

FLORENCE C. MacIVER, School Nurse
